- Executive Stakeholder Management
- Cross-Functional Escalation Leadership & Renewal Risk Management
- Results-Oriented Problem Solving

EXPERIENCE

Swell CX, Senior Enterprise Customer Success Mgr.

APRIL 2021 – PRESENT

Manage growing relationships with enterprise healthcare clients. Responsible for driving product adoption and utilization, mitigating churn risks, and ensuring client success while collaborating with internal and external stakeholders.

- Held Quarterly Business Reviews (QBRs) with key enterprise clients, including healthcare DSOs such as Swish Dental and Catalyst Dental Allies, to ensure strategic alignment and growth opportunities.
- Manage a portfolio of enterprise healthcare clients representing \$750,000+ in ARR, partnering with stakeholders to support adoption, renewals, and expansion opportunities.
- Led Customer Success AI adoption initiatives in partnership with RevOps, developing scalable frameworks for client communications, meeting recaps, action tracking, and team workflows to drive consistency, efficiency, and a unified customer experience.
- Promoted to Senior Enterprise CSM in recognition of the development of strong sales and client management expertise.

Level9 Sports, Regional Mgr.

FEBRUARY 2019 – APRIL 2023

Managed a team of 15 and led customer support efforts in the outdoor industry.

- Facilitated relationships between customers, store staff, buyers, support teams, and executive management
- Implemented management systems to track the status and completion of service orders for all employees, resulting in a 40% reduction in service times for all locations

Black Diamond Equipment, Quality Assurance Tech.

JUNE 2015 – MARCH 2019

Conducted batch tests on Raw materials and finished goods to ensure quality for shipment to customers

- Created reports to document failure rates to ensure that all raw materials met manufacturing criteria
- Stored and analyzed large data sets to document historical raw goods quality
